PCC.032/22 Draft Municipal Planning Strategy (MPS) - Phase 3 Engagement Results and Update

Item: **Planning Matter Distribution: Public**
Manager: **Rosa Zouzoulas, Director Planning and Community Safety**
Author: **Leigh Northwood, Manager Strategic Planning**

Summary

The purpose of this report is to provide an update with regard to submissions received to Phase 3 engagement of the Draft Municipal Planning Strategy (MPS) project.

Phase 3 engagement exhibited a new Draft MPS for community feedback – this draft having been prepared and informed by extensive community and stakeholder input and feedback received during Phase 2 engagement to the existing MPS and the broad planning ‘themes’ that influence the MPS. The purpose of Phase 3 engagement was to obtain insight on the new draft MPS, and whether the draft had adequately captured relevant feedback received to Phase 2 engagement.

Engagement was conducted over a 6 week period between 6 June 2022 and 17 July 2022. Methods of engagement were designed to complement officer resourcing. Refer below for specific engagement tools utilised including notification to all Phase 2 submitters (458 submissions).

A total of 100 submissions were received to the Phase 3 Engagement, with 90 survey responses to the various draft MPS ordinances and maps through Participate Nillumbik and 10 written submissions. Officers also provided presentations to the Wurundjeri Woiwurrung Cultural Heritage Aboriginal Corporation and various interested Advisory Committees.

The Summary of Feedback to Phase 3 Engagement (**Attachment 5**) provides an extensive list of key sentiments to the Draft MPS. This feedback will be considered and responded to, as part of changes to the Draft MPS, with a final draft to be brought to a Council Briefing and Council Meeting in early-mid 2023.

At a future Council Meeting, Council may choose to adopt the new MPS and seek authorisation to prepare and exhibit a planning scheme amendment to the Nillumbik Planning Scheme to implement the new adopted MPS, further refine the final draft of the MPS, or abandon the MPS.

Note: the planning scheme amendment process will involve another formal round of consultation whereby the final adopted version of the MPS will be exhibited to the community and stakeholders pursuant to the notification requirements of the Planning & Environment Act 1987, who will have another opportunity to provide comment

PCC.032/22 Draft Municipal Planning Strategy (MPS) - Phase 3 Engagement Results and Update

Recommendation

That the Committee (acting under delegation from Council):

1. Notes the public responses, as outlined in this report, to the Phase 3 engagement for the Draft Municipal Planning Strategy (MPS) project.
2. Resolves that the confidential un-redacted copies of written submissions and survey responses to the Phase 3 public engagement of the Draft MPS (at **Attachments 1 and 2**) remain confidential on the grounds specified in the definition of confidential information in Section 3(1)(f) of *the Local Government Act 2020*.
3. Writes to all respondents to the public engagement to express Council’s gratitude for their contribution and to advise them of the Committee’s resolution and the next steps in the project.
4. Notes officers will bring a final draft of the MPS to a Council meeting in early-mid 2023, to seek adoption and Council’s approval to seek authorisation from the Minister for Planning, to prepare and exhibit a planning scheme amendment pursuant to Section 8A of the *Planning and Environment Act 1987* to the Nillumbik Planning Scheme to insert the new MPS.

Discussion

1. The Municipal Planning Strategy (MPS) is a concise expression of the overarching strategic policy directions of a municipality. It provides for the planning scheme’s policy foundation, based on the municipality’s location and regional context, history, assets, strengths, key attributes and influences. The MPS supports, but does not form part of, the Planning Policy Framework (PPF). The PPF and MPS work together to form the strategic basis of a planning scheme. Most importantly, the MPS may only address land use and development issues capable of being influenced by the planning scheme. The intent and limitations of what the MPS can address must be taken into account in drafting the MPS. As part of engagement on the MPS, the dedicated [Municipal Planning Strategy Participate Nillumbik page](#) for the project has been set up with specific detail in regard to what the MPS can and should address and State government requirements.

Discussion

1. The Municipal Planning Strategy (MPS) is a concise expression of the overarching strategic policy directions of a municipality. The MPS supports, but does not form part of, the Planning Policy Framework (PPF). The PPF and MPS work together to form the strategic basis of a planning scheme. As part of engagement on the MPS, the dedicated [Municipal Planning Strategy Participate Nillumbik page](#) for the project has been set up with specific detail in regard to what the MPS can and should address and State government requirements.

Phase 3 Engagement

2. Phase 3 engagement on the draft MPS was conducted over a 6 week period over 6 June to 17 July 2022.
3. The purpose of Phase 3 engagement was to obtain insight on the new draft MPS and whether the draft had adequately captured relevant feedback received to Phase 2 engagement. Specifically, Phase 3 involved more targeted engagement whereby the specific written clauses (Clause 02.01 – Context, Clause 02.02 – Vision & Clause 02.03 – Strategic Directions) and mapping of the MPS (Clause 02.04 – Strategic Framework Plans) as well as Clause 74.02 Further Strategic Work were publically exhibited for review and comment.
4. Generally, many of the themes and matters addressed in the current MPS have been brought across into the new draft as they were still relevant, supported current planning development themes unique to the Shire and/or supported existing local policy context located within the planning scheme (and therefore has limited scope for change).
5. The word count in the current draft of the MPS sits at 4945 words, which is within the word limit allowed for an MPS (max. 5000 words). Specifically, Clause 02.01 – Context has 404 words, Clause 02.02 - Vision has 193 words and Clause 02.03 – Strategic Directions has 4348 words.
6. No budget allocation was provided for Phase 3 engagement. As such, the methods of engagement were limited to available officer resourcing (e.g. no collateral such as postcards or paid Facebook posts). These included:
 - Updates to Participate Nillumbik project paged including providing an extensive online survey & Frequently Asked Questions (FAQ’s).
 - Email/Mail correspondences to all Phase 2 submitters (458 submissions) and Participate Nillumbik MPS subscribers identifying that the draft MPS was available for review and feedback.
 - Email and information package sent to Council’s various Advisory Committees & Youth Council to provide feedback ad-hoc follow up meetings for any teams that require discussion/Q&A.

6. Planning Matters

PCC.032/22 Draft Municipal Planning Strategy (MPS) - Phase 3 Engagement Results and Update

- Email and information package sent to internal teams to provide feedback and ad-hoc follow up meetings for any teams that require discussion/Q&A.
 - Social media posts (unpaid).
 - Nillumbik News/eNews.
 - Media Release.
7. Officers also provided 3 ad-hoc presentations to the Wurundjeri Woi-wurrung Cultural Heritage Aboriginal Corporation, Environment and Sustainability Advisory Committee and Council’s Recreation and Leisure team, providing an update about the results of Phase 2 engagement and the preparation of the new draft MPS.

Summary of Phase 3 Engagement Submissions

8. The submission responses provided to Phase 3 engagement are attached as follows:
- a. **Attachment 1** - Un-redacted and Consolidated Written Submissions (CONFIDENTIAL);
 - b. **Attachment 2** - Un-redacted and Consolidated Survey Responses (CONFIDENTIAL);
 - c. **Attachment 3** - Redacted and Consolidated Written Submissions;
 - d. **Attachment 4** - Redacted and Consolidated Survey Responses; and
 - e. **Attachment 5** - Summary of Submissions to Phase 3 Engagement.
9. It is noted that **Attachments 1** and **2** remain confidential on the grounds specified in the definition of confidential information in Section 3(1)(f) of *the Local Government Act 2020*.
10. 100 submissions were received, with 90 survey responses to the various draft MPS ordinances and maps (including Clause 74.02 – Further Strategic Work) through Participate Nillumbik, and 10 written submissions.
11. Summary of Feedback to Phase 3 Engagement (**Attachment 5**) provides an extensive list of key sentiments to the draft MPS and Clause 74.02 – Further Strategic Work.
12. The key sentiments in **Attachment 5** have been categorised under their respective clause sub-sections. Note: The list at this stage represents the key sentiments conveyed by respondents and does not in any way indicate the position of Council in finalising the draft MPS. It is noted some elements of feedback will be able to be considered in the final draft of the MPS, whilst there are other matters that cannot be addressed by the MPS; predominantly as they are:
- a) not within the mandate of land use and development (e.g. encourage more sustainable practices at home and private vehicle use);
 - b) too specific for the MPS where it sets ‘higher order’ principles rather than detailed outcomes (e.g. more dog friendly spaces, listing endangered species); or
 - c) seeking a specific land use outcome for personal gain which is not the mandate of the MPS, which is about ‘net community benefit’ – some of the written submissions fell into this area.

6. Planning Matters

PCC.032/22 Draft Municipal Planning Strategy (MPS) - Phase 3 Engagement Results and Update

13. Some sentiments that cannot be addressed by the MPS specifically may be able to be addressed under other Council policies and strategies.
14. In preparing the final version of the MPS, officers will provide a response to each key sentiment advising whether content can be incorporated/amended into the MPS or not and the reasoning for this. These responses from officers will be presented to Council as a supplementary attachment with the final MPS at a briefing in early 2023, prior to seeking adoption.

Community engagement

29. The following community engagement program approach was endorsed by Council on 9 February 2021 in regard to consultation around the Our People Our Place Our Future consultation to inform preparation of the Council Plan, Health & Wellbeing Plan, Nillumbik Vision 2040 and the Municipal Planning Strategy (MPS). The program includes the following phases for the MPS:
30. **Phase 1** – Our People, Our Place, Our Future (OPOPOF) community engagement program (February to April 2021). This phase involved a Shire-wide survey used to inform the themes within the MPS. The Climate Action Plan survey was also used to inform the MPS themes **(completed)**.
31. **Phase 2** – MPS themes community engagement (August to October 2021). This phase involved a review of the existing MPS and planning themes that influence the MPS. It included a six-week survey, four virtual community workshops, and extensive internal department workshops and associated communications **(completed)**.
32. **Phase 3** – Draft MPS community engagement (June to July 2022). This phase involved a review of the new draft MPS including specific clause ordinances and maps. Feedback from the Phase 2 was used to draft a new MPS. The draft MPS was brought to Council on the 24 May 2022 for its consideration and has been endorsed to be exhibited for community input and feedback. Consultation involved an online survey or the ability to provide a written submission on the four sections of the MPS and Clause 74.02 as well as correspondences to internal Council departments and previous submitters. Feedback received from this engagement will be incorporated into the final draft of the MPS and brought to Council again for adoption **(completed)**.
33. **Phase 4** – Final MPS exhibition (mid-late 2023). Subject to Council’s adoption of a final draft of the MPS, officers will also seek Council’s approval to seek authorisation from the Minister for Planning to prepare and exhibit a planning scheme amendment to the Nillumbik Planning Scheme to insert the updated MPS **(yet to commence)**.

6. Planning Matters

PCC.032/22 Draft Municipal Planning Strategy (MPS) - Phase 3 Engagement Results and Update

Innovation and continuous improvement

34. The project will provide improved certainty to users of the Nillumbik Planning Scheme. It will facilitate a necessary and overdue update to the Municipal Planning Strategy (MPS) to capture a new overarching strategic policy for the municipality that is reflective of the Nillumbik community's current and future key interests for the Shire with respects to land use planning and development.

Collaboration

35. The project requires significant collaboration across relevant Council units due to the various specialist areas the Municipal Planning Strategy (MPS) cover. Relevant teams include Planning Services, Environment, Infrastructure, Recreation and Leisure. Various meetings have been conducted to inform the drafting of the MPS with these teams. Collaboration with Councillors also occurred during the Phase 2 engagement.

Budget implications

36. The project is being prepared predominantly in-house. The limited funds allocated to this project have now been exhausted. A future amendment to insert the new Municipal Planning Strategy (MPS) into the Nillumbik Planning Scheme will be subject to budget allocation through the amendments budget for the 2022/2023 financial year.
